**Supported Living Service for individuals
that have a Neurological Condition and /
or Physical Disabilities.**

About Strawberry Hill

Strawberry Hill is a Supported Living service that is part of the Oakleaf brand. Providing support to individuals that have a neurological acquired brain injury. This property is set in a peaceful location on the edge of Northampton.

Strawberry Hill is a shared bungalow that is all on one level and can accommodate 3 individuals, with ease of access for individuals who are wheelchair users. Strawberry Hill will enable individuals to transition through the rehabilitation pathway into their own home with a tenancy in the community.

With a focus on quality of life whilst ensuring the safety of the service users this service will be well placed to support individuals to have access to the community, maintaining their skills and abilities and promoting independence at every opportunity.

Our Goals:

- 1 Increased Independence:** We strive to help the people we support to gain greater autonomy in everyday activities. This includes assisting with personal care, meal preparation, household tasks, and managing finances. By providing the right support, the people we support will be able to perform more tasks independently and build confidence in their abilities.
- 2 Improved Wellbeing:** Our aim is to enhance both physical and emotional health. We focus on helping the people we support to improve their mobility, health routines, and overall quality of life. Additionally, our service encourages emotional wellbeing by offering a supportive environment that helps individuals feel secure, understood, and motivated.
- 3 Employment and Education:** We are committed to helping individuals explore their potential for employment or further education. Whether it's assisting with job readiness, re-entering the workforce, or pursuing educational goals, our support helps the people we support to overcome barriers and access opportunities they may have previously thought out of reach.
- 4 Enhanced Social Connections:** Building meaningful social relationships is essential to combating isolation. Our service encourages active participation in social activities, fostering a sense of belonging and community. This helps the people we support to create valuable social networks, boosting their confidence and emotional resilience.

Ultimately, what we want to achieve is a service that not only supports daily living but empowers individuals to take charge of their own lives, pursue new opportunities, and foster deeper connections with their communities.

Oakleaf DCA Regulated activity: Personal care

Our Referral Process

All referral enquiries are responded to within 24 hours and assessments will be carried out within 48 working hours.

Email: julie.allsopp@oakleafcare.com with details of your client and an initial desk top assessment will be carried out. Following a face-to-face assessment, a detailed assessment report will be provided detailing recommendations.

The Supported Living Services are operated by The Oakleaf Group who also operate other services within Northamptonshire and ratings range from 'Good' to 'Outstanding'. Oakleaf have their own internal compliance and quality team ensuring that robust processes are in place to provide excellent levels of care.

Our Team

Strawberry Hill is staffed by a Registered Manager who also manages the community services within Oakleaf, a team leader and experienced support workers.

Any therapy input will be from local NHS services in the community through a referral from the GP.

Our service offers a range of therapeutic inputs designed to support the physical, emotional, and mental wellbeing of the people we support.

While our primary focus is on providing tailored support for daily living, we recognise that some individuals may benefit from additional therapeutic services. These services will be accessed through referrals to community services via the NHS.

By collaborating with the NHS and community services, we ensure that the people we support have access to specialised therapeutic input when needed, enhancing the support we provide and helping individuals achieve their full potential.

Support staff have been specially selected from our Oakleaf site in Northampton. Staff will need to have a have experience supporting individuals with an Acquired Brain Injury.

The Team is made up of:

- Operations and Clinical Director.
- Registered Manager.
- Team Leader.
- Support Workers.

Environment

There is easy access through the main door to a large wide hallway. This thoughtfully designed home features two spacious bedrooms, plus an additional room ideal for staff or flexible use.

Large living room with wooden beams to the ceiling and access to the conservatory through large accessible doors. There is a kitchen / diner to the front of the bungalow.

Enjoy modern living with an en-suite shower room and a shared bathroom, both with walk-in wet room showers for

easy accessibility. One of the bedrooms is specially equipped with a hoist for added support.

The property at Strawberry Hill features a lovely conservatory that overlooks a spacious garden area. The garden is designed to be accessible for individuals with limited mobility or wheelchair users, ensuring that everyone can enjoy the outdoor space comfortably. Whether relaxing in the conservatory or enjoying the garden, it provides a peaceful and inclusive environment for all residents.

Community Links

Strawberry Hill offers a perfect balance of local services, educational options, and community-driven activities, ensuring a connected and fulfilling lifestyle for the people we support. There is a GP local to the service.

A Community Centre offers a wide variety of social events, classes, and activities for people of all ages, fostering a strong sense of local community.

Access to the local community

The local area offers excellent parks, and recreational spaces, making it a great place for the people we support to feel at home. Strawberry hill is close to Weston Favell shopping centre and riverside retail park.

With its combination of practical amenities, excellent transport links, recreational spaces, and strong sense of community, Strawberry Hill offers tenants the perfect blend of convenience and lifestyle.

Whether you're commuting to work or exploring further afield, the area is well-connected. The nearby bus routes, Northampton Railway Station, and major roads like the A45 and M1 Motorway make travel quick and convenient.
